Price: \$95 Published: June 2009

Welcome to Rainforest Valley, home of The Silly Postmonkey and his many friends and neighbours! Read letters to and from the animals of Rainforest Valley, and about Mr. Mischief's adventures along the way.

Diary Tales

Author Ages: 6-7 ISBN: 978-988-18112-5-7
Price: \$85 Published: August 2009

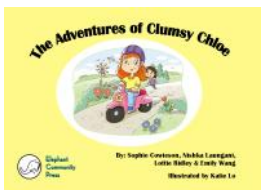

Ever wondered what sport a platypus would win at the Olympics? Or where an ant goes for fun? Meet Platymus, Marco Polo and Platypoo, and read all about their adventures through their diaries!

Furry Tales and Other Tails

Author Ages: 6-8 ISBN: 978-988-18112-6-4
Price: \$95 Published: Jan 2010

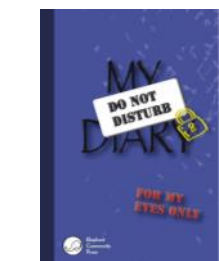

Have you ever thought that even a leopard could have an allergy? Ever wondered how "Giraffe-flu" is cured? Can you imagine why a rabbit would turn as red as a strawberry? Follow the tails of Milton the leopard, Yellow Yellow the giraffe and Sandy Pink the rabbit and discover the furry tales of their lives.

The Adventures of Clumsy Chloe

Author Ages: 6-7 ISBN: 978-988-18112-8-8
Price: \$85 Published: Jan 2010

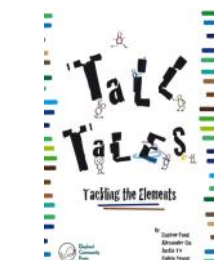

Chloe is almost like any other ordinary little girl. She lives with her grandma, rides a scooter and likes talking to Sara, her imaginary friend. The only thing is—she's just a little bit clumsy. Read all about her clumsy adventures at school, at the park, at the airport, at the library and more!

Do NOT Disturb

Author Ages: 8-10 ISBN: 978-988-18964-2-1
Price: \$95 Published: Jan 2010

Here's your chance to take a sneak peek into the diaries of spies, students, and other unique characters. They all have one thing in common—an annoying, pestering, despicable problem, including bullies, siblings, friends and constantly ringing telephones, to name a few. Discover how they face these challenges, hear their true feelings, and follow their failed and successful attempts to solve their problems, or at least, learn to tolerate them.

Tall Tales: Tackling the Elements

Author Ages: 10 ISBN: 978-988-18112-7-1
Price: \$60 Published: Jan 2010

Everyone's heard of fire-breathing dragons, but what of the man that could absorb flames? Or the man who leaps from continent to continent, running faster than the wind? How about the man who can breathe under water or the one who can swim from Canada to New Zealand in only a few days? These pages tell the unheard tales of four 'almost' normal men and how they tackle the elements of fire, wind and water to save the earth and mankind. Well, sort of...
